

## PURATECH

### MOTOR OIL

- ▣ SYN-Blend SAE 10W-30 GF-6A/SP
- ▣ SYN-Blend SAE 5W-30 GF-6A/SP
- ▣ SYN-Blend SAE 5W-20 GF-6A/SP
- ▣ Hi-Mile SAE 10W-30 GF-6A/SP
- ▣ Hi-Mile SAE 5W-30 GF-6A/SP
- ▣ Hi-Mile SAE 5W-20 GF-6A/SP
- ▣ Supreme SAE 20W-50 SP
- ▣ Supreme SAE 10W-40 SP
- ▣ SAE 30 SP

### TRANSMISSION FLUID

- ▣ Sure-Shift ATF DIII/M

### GEAR OIL

- ▣ 80W-90 LS

## PURESYN

### SYNTHETIC MOTOR OIL

- ▣ SAE 10W-30 GF-6A/SP
- ▣ SAE 5W-30 GF-6A/SP
- ▣ SAE 5W-30 dexos 1 GF-6A/SP
- ▣ SAE 5W-20 GF-6A/SP
- ▣ SAE 0W-20 GF-6A/SP
- ▣ SAE 0W-20 dexos 1 GF-6A/SP
- ▣ SAE 0W-16 GF-6B/SP
- ▣ EURO SAE 5W-40 ACEA A3/B4

### HEAVY DUTY ENGINE OIL

- ▣ SAE 15W-40 CK-4
- ▣ SAE 5W-40 CK-4

### TRANSMISSION FLUID

- ▣ Multi-Vehicle ATF
- ▣ HD ATF (TES 295 Rec.)
- ▣ CVT
- ▣ DCT
- ▣ Trans (40, 50)
- ▣ AMT 75W-90 GL-4

### GEAR OIL

- ▣ 80W-140
- ▣ 75W-140 LS
- ▣ 75W-90 LS
- ▣ 75W-85 LS

## PUREGREEN

### SYNTHETIC BLEND MOTOR OIL

- ▣ Supreme SAE 10W-30 GF-6A/SP
- ▣ Supreme SAE 5W-30 GF-6A/SP
- ▣ Supreme SAE 5W-20 GF-6A/SP

### HEAVY DUTY ENGINE OIL

- ▣ Extra-Duty SAE 15W-40 CK-4

### TRANSMISSION FLUID

- ▣ MP ATF DIII/M

## PURAMAX

### HEAVY DUTY ENGINE OIL

- ▣ CleanFleet SAE 15W-40 CK-4
- ▣ CleanFleet SAE 10W-30 CK-4
- ▣ Fleet SAE (10, 30, 40, 50)
- ▣ GEO Plus SAE 15W-40
- ▣ NGeo Plus 85 SAE 15W-40
- ▣ RREO ULS 9 TBN
- ▣ RREO 13 TBN, 17TBN

### GEAR OIL

- ▣ Good Gear 85W-140

### HYDRAULIC OIL

- ▣ Hydraulic AW (32, 46, 68, 100)
- ▣ Premium 5000+ AW (22, 32, 46, 68, 100)
- ▣ Premium Silicone Free AW (32, 46, 68)
- ▣ Hydraulic AW 46 Zinc Free
- ▣ Multi-Viscosity AW Hydraulic Fluid

### TRACTOR FLUID

- ▣ UTF J20C
- ▣ UTF J20D

### R&O & TURBINE OILS

- ▣ R&O (32, 46, 68, 100)
- ▣ R&O Turbine Oil (32, 46, 68, 100, 150, 220, 320)
- ▣ R&O Turbine Oil 8500 (32, 46, 68, 100)
- ▣ Long Life Turbine Oil 320

### INDUSTRIAL & COMMERCIAL

- ▣ Concrete Form Oil
- ▣ Drip Oil
- ▣ Fire Resistant Hydraulic Fluid
- ▣ GEO Ashless
- ▣ GEO LA
- ▣ Heat Transfer Oil (32, 46)
- ▣ Industrial EP (68, 100, 150, 220, 320, 460, 680)
- ▣ Non-Detergent (30, 40, 50)
- ▣ Process Oil (70, 100, 120)
- ▣ PureCut A 3200
- ▣ PureCut Medium
- ▣ PureCut Soluble B
- ▣ Refrigeration Oil 68
- ▣ Rockdrill (68, 100, 150, 220)
- ▣ Saw Guide Oil 46
- ▣ TO-4 Fluid (10, 30, 50, 60)
- ▣ Transformer Oil
- ▣ Twin Disc Torque Fluid
- ▣ Waylube (68, 100, 220)
- ▣ Wireline Oil

## CITADEL

### FORTIFIED GREASE

#### FORTIFIED GREASE

- ▣ All-Purpose (AMBER)
- ▣ Hi-Temp Multipurpose #2 (RED)
- ▣ Heavy Duty Hi-Temp #2 (RED)
- ▣ Heavy Duty 3% Moly #2 (BLACK)
- ▣ Heavy Duty 5% Moly #2 (BLACK)
- ▣ Ultra EP #2 (BLUE)

**NAL'S NEW CITADEL FORTIFIED GREASE LINE INCLUDES 6 FORMULATIONS, SUITED TO PROTECT AND LUBRICATE INDUSTRIAL EQUIPMENT IN A WIDE RANGE OF LIGHT-DUTY, HEAVY-DUTY, AND EXTREME APPLICATIONS.**

#### ALL-PURPOSE GREASE #2

CITADEL All-Purpose Grease is ideal for general purpose lubrication. Engineered with a lithium 12-hydroxystearate thickener to provide good water resistance and rust and corrosion protection in some automotive and light duty industrial applications. Recommended for grease lubrication of water pumps, universal joints and regularly lubricated chassis points on cars, trucks, buses, and tractors.

#### HI-TEMP MULTIPURPOSE GREASE #2

CITADEL Hi-Temp Multipurpose Grease is fortified with extreme pressure additives and formulated with a lithium complex thickener. It is designed for a wide range of applications, from over-the-road trucks and off-highway equipment to automotive, commercial and industrial applications. Recommended for extended service in trucks, buses, farm tractors, construction equipment, high temperature wheel bearings, heavy duty chassis lubrication, roller & ball bearings, throw-out bearings, universal joints, chassis, and fifth wheel applications.

#### HEAVY DUTY HI-TEMP GREASE #2

CITADEL Heavy Duty Hi-Temp Grease provides superior extreme pressure and wear protection for heavy duty equipment in the most demanding operating conditions. Engineered for extended use in many agricultural, construction, mining, mills, quarries and industrial applications. It is ideal for heavy duty applications and meets the latest equipment requirements. Also recommended wherever lithium complex greases are recommended, such as wheel bearings, ball joints, universal joints, suspension systems, etc.

#### HEAVY DUTY MOLY GREASE #2

CITADEL Heavy Duty Moly Grease is a high-performance grease specifically formulated for the demanding conditions typically found in off-road equipment. It meets and exceeds the requirements for OEM equipment requiring molybdenum disulfide. It provides extreme pressure protection, as well as a fortified lubricating film for moving parts. It is ideal for use in a variety of construction, mining, quarries and severe duty industrial applications where film strength, operating temperatures, stability and lubricant life are important.

#### ULTRA EP GREASE #2

CITADEL Ultra EP Grease is the ultimate grease for extreme pressure, wear and high-temperature protection. A calcium sulfonate complex thickener provides superior mechanical and shear stability, as well as outstanding film strength to protect moving parts. This product is ideal for extreme pressure applications in construction, mining, agriculture, logging, hauling and other industries where a shear stable, high-load carrying, corrosion resistant grease is required.

## Prestone

#### COOLANT/ANTIFREEZE

- ▣ COMMAND OAT Nitrite Free ELC w/ Cor-Guard (RED | 50/50 & CONCENTRATE)
- ▣ COMMAND NOAT Nitrite ELC (RED | 50/50 & CONCENTRATE)
- ▣ COMMAND Nitrite Free ELC (YELLOW | 50/50 & CONCENTRATE)
- ▣ COMMAND HD Pre-Charge (PURPLE | 50/50 & CONCENTRATE)
- ▣ PRIME All Makes All Models (YELLOW | 50/50 & CONCENTRATE)
- ▣ PRIME Conventional (GREEN | 50/50 & CONCENTRATE)
- ▣ PRIME Ford & GM (ORANGE | 50/50 & CONCENTRATE)
- ▣ Cor-Guard All Makes All Models (YELLOW | 50/50 & CONCENTRATE)
- ▣ Dex-Cool (ORANGE | 50/50 & CONCENTRATE)
- ▣ European (TEAL | 50/50)
- ▣ European (PINK | 50/50)
- ▣ European (VIOLET | 50/50)
- ▣ Honda/Nissan (BLUE | 50/50)

## GUARDSMAN

### FOOD GRADE LUBRICANTS

#### FOOD GRADE LUBRICANTS

- ▣ USP White Oil (7, 9, 10, 20, 24, 35, 50)
- ▣ Deep Well Pump Oil (32, 46)
- ▣ FM AW Hydraulic ISO (32, 46, 68, 100)
- ▣ FM Chain Oil (100, 220)
- ▣ FM Gear Oil (220, 460, 680)
- ▣ FM Hi-Temp FG Chain Oil
- ▣ Syncom FM (32, 46, 68)
- ▣ Synlube FM (32, 46, 68, 100, 150, 220, 320, 460)
- ▣ FM Aluminum Complex #2
- ▣ Crystal Extreme FM #2
- ▣ Crystal Synthetic FM Grease

**GUARDSMAN FOOD GRADE LUBRICANTS ARE DESIGNED TO MEET THE RIGOROUS NEEDS REQUIRED IN FOOD PROCESSING, BOTTLING PLANTS AND PHARMACEUTICAL OPERATIONS.**
